

A photograph showing the interior of a vehicle, specifically the dashboard and center console area. The dashboard is dark-colored and features a central radio unit with a cassette slot and two circular speakers on either side. Below the radio are three circular gauges (speedometer, tachometer, and fuel gauge) and a gear shift lever. The center console is also dark-colored and has a storage compartment with a handle. The overall image quality is somewhat grainy and has a slightly aged appearance.

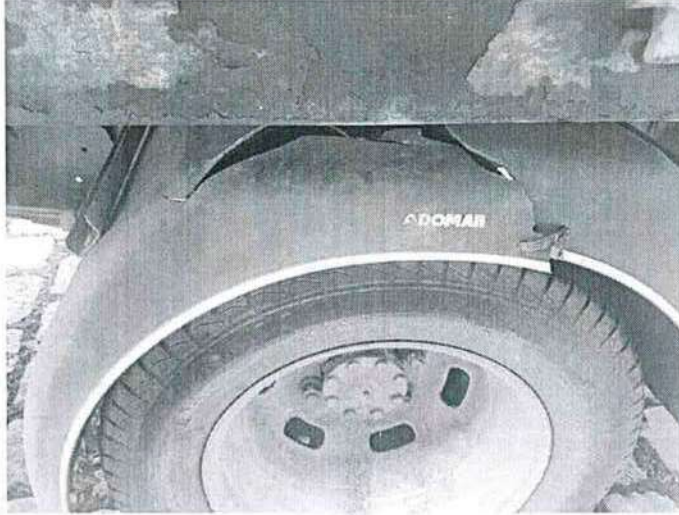

A photograph showing the interior of a vehicle, likely a truck or heavy-duty car. The view is from the passenger side looking towards the driver's seat. The front seats are upholstered in a dark, textured material. The dashboard and steering wheel are partially visible on the left side of the frame. The image is somewhat dark and grainy.

A close-up photograph of a car's instrument cluster. The central digital display shows an odometer reading of 246478 km and a time of 14:23. To the left is a speedometer with markings from 0 to 180 km/h. To the right is a tachometer with markings from 0 to 6000 RPM. The gauges have a black face with white markings and needles. The digital display is a rectangular screen with a black background and white text. The overall image is in grayscale.
